# AI News

- [Angry Pumpkins 🎃 \(clone\) implemented using exclusively AI](#)
- Code Llama
- [Distill-Whisper](#)
- OpenAI GPTs
- [GitHub Copilot X](#)
- [ML for Managers](#) (curs-ml.com)

```
import torch
from transformers import pipeline

codellama = pipeline("text-generation",
                     "codellama/CodeLlama-7b-Python-hf",
                     torch_dtype=torch.float16,
                     device="mps")

codellama("Write a code snippet for fibonacci series",
          max_new_tokens=50,
          temperature=0.7,)
```

Cristian Lungu, PhDc, is a prominent leader in the ML field, trainer at [curs-ml.com](https://curs-ml.com) and senior ML consultant at Xetten AI. His main focus is enabling growth by helping companies optimise their costs and boost their revenues through customised ML solutions applied on proprietary data.
